

# Péter Juhász & Ágnes Szuda for Presidents

We are running jointly for presidents, because leading the Society together would combine and strengthen our presidential potentials. Through our work in CUHS this year, we gained valuable skills and experience which makes us suitable for Presidents. We hope we earned your trust and sympathy and we can continue building an inclusive and prosperous society together.

I am Peti, a 2<sup>nd</sup> year NatSci at Trinity. As the current Junior Treasurer I gained experience in handling money, keeping precise and transparent

accounts and making sure everything is carried out in a timely manner. I also dealt with lots of external affairs: I organised the year-opening events at the Hungarian and British Embassies, and represented the Society in communications which resulted in improved relations with the Embassy. With this knowledge I would act upon the external part of the presidential affairs.

## As presidents we would:

- ❖ Build a closer relationship with other Hungarian Societies: swaps to London and Oxford
- ❖ Initiate contacts with societies we previously had no cooperation with: organise swaps with African, South-American or Asian societies
- ❖ Build closer relationship with the societies of Central and Eastern-Europe: Ambassadors' Dinner with the V4 countries
- ❖ Improve the efficiency of the committee by delegating tasks to the relevant committee members and by organising 3 meetings per term
- ❖ Create and distribute stash

I am Ági, a 2<sup>nd</sup> year Geographer at Catz. As the current CUHS Events Officer I earned experience in various aspects of running the society by organising big

events like the Garden Party, Freshers' Camp, Farsang and the Initiations. I also established contacts with academics by organizing the talk series 'Academic Careers in Cambridge' and represented the society to external bodies on formal meetings. My role showed me how to build an inclusive, cooperative and cohesive society, therefore I could successfully handle the internal duties of the presidential affairs.

- ❖ Organise an Oxbridge Ball in Hungary
- ❖ Improve alumni relations by establishing a CUHS Alumni Club with separate mailing list and newsletter, organising Alumni Dinner in Cambridge, setting up an Alumni Database for statistics and career contacts
- ❖ Promote cooperation between CUHS and the Cambridge-Szeged Society
- ❖ Improve the transparency of the Society by making the minutes of the committee meetings publicly available and creating an online suggestion box
- ❖ Keep the traditions and support promising initiatives

**WE HOPE WE EARNED YOUR SUPPORT AND THANKS FOR READING OUR MANIFESTO!**
