

Zsófi Belovai and Dávid Farkas for Events Officers

Why us?

Ever since the start of my high school years, I have been an active member of the community. I spent four years in the student council organising numerous events, including fresher's camps, leavers balls, and sport nights. Continuing my studies in Cambridge I have been elected for the role of international officer of Queens' college. With my experience I would like to contribute as much as I can to the work of the Hungarian Society by planning and executing events in cooperation with Dávid.

Zsófi

I've always took great pleasure in organizing activities for my peers. As a prominent leaders in my chapter, I honed my skills during my years volunteering for AFS, the largest exchange student organization in the world.

Here in Cambridge, well organized events are even more important to let us unwind and relax. As events officer, I would like to help organize and coordinate the events throughout the year with Zsófi.
