

IARINA CICEU

FOR ACCESS OFFICER

I'm Iarina and I'm a first year geographer in Queens'. As a Milestone student, I have had a lot of experience with how the system works. I have helped my friends who didn't have access to any help with the application. Having worked at Milestone, I will ensure the implementation of their best practices in order to help applicants from all over the country, not just the privileged few who attend Milestone. I hope my plans will be to your liking.

I would build up a CUHS Access Network throughout Hungary, so that students have first-hand information about applying

I will continue and improve the Mentorship & Shadowing Scheme

I will work hard so that people from disadvantaged backgrounds have the same opportunities

I pledge to hold Access events at the top schools in the country

I would update and redesign the Freshers' Guide, based on my and many others' experiences

I would extend the reach and presence of our Access Programmes on Social Media

proposed by: Gergely Horváth - Junior Treasurer
seconded by: Márton Gorka - Events Officer
