WHAT I WOULD DO

- I will make sure that the money of the society will be efficiently spent on us!
- I am open to suggestions and happy to listen to any member so the money will be spent on things the members actually want!
- Look for alternative sources of funding and maintain connection with the current partners
- I will make the finances of the society transparent
- I will serve as a cool-headed independent control over the president and the VP ensuring they don't waste our money
