

Nóri Csitári - nc514

CompSci, Robinson

I'm an excited fresher who would like to organise events for you to have fun, meet new people, explore new places, make unforgettable memories together.

I have been involved in organising several events of my high school class; from school trips, through canoeing & camping on the Danube to every aspect of our final year (eg. prom, banquet).

I would also mention how huge house parties do not organise themselves, I say this from experience 💡💡

Tomi Stenczel - tks32

1st year NatSci - St Catharine's

I have been involved in committee roles earlier, including vice president in school's student council (DÖK). I have experience working as events officer: at a business oriented student society in Budapest, organising talks and visits to companies.

The best part is: I am a bartender, so I will make cocktails for you on some of the parties, like the garden party.

Vote Nóri and Tomi for Ents!

IDEAS + PLANS

Freshers' Camp

- Bánk + YOU + kocsibuli = Best party of the summer

Garden Party

- Tomi's cocktails (eg. coffee shots)

Society Families

EVENTS ANNOUNCED ON TIME
