

Alexandra Souly

for Junior Treasurer

Who I am:

I am a first year Mathematics student from Magdalene College. I found a very friendly and welcoming community at CUHS when I arrived to Cambridge, and I would like to take an active part in maintaining it. I believe the role of Treasurer matches my skills, interest in finance and experience in managing official budgets.

My plans:

- A responsible and professional approach
- Transparent finances
- Precise and organised work
- Maintaining and improving the current system of documentation
- Fundraising and contacting potential sponsors
- *A lot of enthusiasm*
