

**ZV****ZSOMBOR VERKMANN****FOR ACCES OFFICER**

## **MOTIVATION FOR BEING AN ACCES OFFICER**

My name is Zsombor, and I am a first-year economist at Clare. I think that studying here in Cambridge is a wonderful experience, which more Hungarian students should have a chance to experience.

Sadly, I believe that currently many Hungarian students are discouraged from applying or don't even consider applying just because they have misconceptions about what is needed for getting accepted and what Cambridge is like. As an access officer I would like to help to overcome these issues and to encourage more students to apply and to help them with their application process to the best of my ability.

## **EXPERIENCE**

CUHS Fresher Representative  
(2018-to date)

Vice President of the Fazekas  
Student Union (2015-2017)

Organizer of the F+F Festival  
(2015-2017)

## **POLICIES**

- Holding presentation at schools to reach, inform and encourage more students about applying.
- Uploading more Personal Statements to the website, because it is a big help for applicants, and currently there is only one or two Personal Statement available for most subjects.
- Updating the "information packages" on the website of the Society, since many of them are a bit outdated, and were last updated years ago.
- Gathering together all of the relevant information about what Brexit actually will mean for applicants.
- Answering the queries of applicants, and offering advice on Personal Statements if required, or connecting them with someone else who can help them with their subject related questions/issues.
