

## Kada Williams for Secretary

*Proposer:* Nóra Csitári, Vice-President, 2019-20

*Secunder:* Ákos Marton, Treasurer, 2019-20

### **About me:**

I am currently a third-year mathematics student at Trinity College. In my years here, I've greatly enjoyed the company of Hungarians at various parties and talks organized by the Society, and would take much pleasure in becoming more involved with bringing out its potential. I must say that as a mathematician, I am highly interested in the ability to make decisions smoothly, just as much as in the practice of patience in case of a lack thereof, which I hope will come to be of great value in the setting of Society meetings.

### **My aims:**

- Helping to facilitate committee meetings with improved Minutes
- Promoting Society events
- Consulting various officers on updating the Website
- Continuing the Heti Ciráda, with more contemporary poetry included
